I understand that this is not necessary unless requested by EPA, but if requested we only have 30 days to provide it. Therefore, we proceeded with an internal draft so we can respond in this time, if requested.

Subject: OAZ TAP NOT NEEDED AT THIS TIME

Gary, I noticed in your monthly progress report that you plan to start work on the draft Technical Assistance Plan (TAP).

The AOC and SOW say that you don't need to prepare a TAP unless requested by EPA. Since EPA is not aware of a community presence at the Site that would warrant a TAP, there's no need for you to prepare one at this time.
